The Right Features and Savings for MMA Members

A difference you can see
Offering benefit choices that are right for you and your employees is a simple way to improve the health of your workforce and your small business. A MetLife vision plan is designed to be an affordable benefit option that can help you balance costs and meet your employees’ needs at the same time.

A view on wellness
Vision insurance can help your employees make important wellness connections. Regular vision care can detect and monitor potentially serious problems that can impact well-being and productivity, as well as health care costs.

Savings and convenience
Your employees will benefit from savings that are built into their plan design, enabling participants and their covered family members to save on total costs — premiums and out-of-pocket costs — for eye exams, prescription glasses, sunglasses or contacts.

- **Flexibility:** 2 plan design options to choose from with your choice of a 12 month or 24 month frequency for frames.
- **Convenient Access:** A unique proprietary network with over 90,000 access points, including both private practice and retail center locations (e.g., For Eyes and America’s Best). Plus, we’re pleased to announce Walmart and Sam’s Club as our newest in-network providers for all new and in-force groups as of 8/1/19.
- **Simple to Use:** No ID card or in-network claims forms needed to access benefits.

Cutting edge expertise
You can count on MetLife to ensure your vision plan is based on the latest research and market trends. We include standard features that many other carriers only offer as options.

- Polycarbonate (shatter-resistant) lenses for children up to 18 years of age.
- Ultraviolet coating covered in full.
- Fixed copays for popular enhancements like polycarbonate lenses for adults; progressive and photochromic lenses; anti-reflective and scratch-resistant coatings; as well as contact lens fitting and evaluation.

In collaboration with

MetLife
1. Your actual savings by enrolling in the MetLife Vision Plan will depend on various factors, including plan premiums, number of visits by your family per year to an eyecare professional and the cost of services and materials received. Be sure to review the Schedule of Benefits for your plan’s specific benefits and other important details.

2. All lens enhancements are available at participating private practices. Maximum copays and pricing are subject to change without notice. Please check with providers for details and copays applicable to your lens choice. Please contact your local Costco to confirm the availability of lens enhancements and pricing prior to receiving services. Additional discounts may not be available in certain states.
